# Positively Dangerous!

This year's theme, Positively Dangerous, is about placing those around you at positive or good risk. It's about living your faith in such a real, vibrant, and authentic manner that those around you are in danger of catching it. The positively dangerous peer minister lives their faith in an infectious or contagious manner.

The 2010 Peer Ministry Team Training Retreat will challenge us, inspire us, and provide the practical spiritual tools to help us grow in our relationship with Christ.

## The Details

---

### ▶ WHO?

Peer Ministry teams and their adult leaders

### ▶ WHEN and WHERE?

August 7-8, 2010
